## New Deal & Contracts Transcript of Credits

For example, if a pupil were absent on Monday morning because of work at home, in the upper half of the attendance space for that day an A1 should be written. If a pupil should be absent during the second week of a month because of bad weather, an A7 should be written in each of the attendance spaces for the week. When an absence occurs, if you do not know the cause, mark thus: / for each half day's absence. When the cause is known, complete the marks thus: A1 or A2, etc., as the case may be (first complete the A).

- O. DAYS PRESENT AND DAYS ABSENT. Count half days.
- P. CHIEF CAUSE OF ABSENCE. At the end of each month, the causes of absence should be counted for each pupil and the code number for the cause occurring the greatest number of times recorded in this space. It should be noted that at the end of the last month of school is a column marked "Chief Causes of Absence." You should record here the two chief causes of absence occurring during the year for each pupil, the cause occurring most often being written first and the one next most often written next.
- Q. SUBJECTS AND GRADES. Record all grades each pupil makes in each subject studied, by letters and not by figures. "A" represents the highest grade; "B" the next highest; "C" the next; "D" the next, and "F" the lowest. As a general rule a safe plan to follow is to rank your pupils from the best to poorest and assign grades according to rank in class. It has been found that about five per cent of all pupils make A's, about twenty per cent B's, about fifty per cent C's, about twenty per cent make D's, and about five per cent make F's, (failure). It should be understood, however, that it is entirely possible to have a class in which no A's are made, or in which nobody fails or makes F. If you wish to think of grades in terms of figures, let:
- A represent 95 to 100,
  - B represent 85 to 94,
  - C represent 75 to 84,
  - D represent 70 to 74,
  - F represent below 70.

*E. Credit and Failure*

Note that the last sheet for "Scholarship Record" is marked "Final Grade for Year." These grades should be the average grades in each subject for the year.

- R. DOUBLE PROMOTION DURING THE YEAR. This is to be filled only for those pupils who receive more than one promotion during the year. For example, if a pupil should be promoted from the fifth to the seventh grade during the year, write in this column "5 to 7."
- S. CAUSES OF NON-PROMOTION. Note that there are four columns under this head. One or more of these is to be filled for each pupil who is not promoted at the end of the year. Causes are to be indicated by code:
- F1—Poor preparation in lower grades.
  - F2—Absence.
  - F3—Indifference.
  - F4—Personal sickness.
  - F5—Sickness of others.
  - F6—Mental incapacity.
  - F7—Unfortunate home conditions.
  - F8—Transferred to another school.
  - F9—Moved from community.
  - F10—Short school term.
  - F11—Other causes.

For example, a pupil may have failed for a combination of causes. Record what you consider or believe to be the chief cause in the first column, what you believe to be next to the chief cause in the next column, etc.

### III. Teacher's Monthly Report.

- A. The teacher must fill out the MONTHLY REPORT at the end of each school month and send it to the county superintendent. In schools having more than one teacher, the principal will make out the report for the whole school, using one of the blanks from this register, and send it to the county superintendent. When this report is filled out, record the information in the table on page 46, SUMMARY OF ENROLLMENT AND ATTENDANCE. This gives a complete summary of enrollment and attendance by grades, by months, and for boys and girls separately.

Be sure grades 1-3, grades 5-8, and grades 9-12 are reported separately.

## Library Books Permanent Record Sheets

### IV. Teacher's Annual Report.

- A. This report must be made at the end of the school term and before the warrant for the last month's salary is drawn. Fill out every blank that pertains to your school. In schools having more than one teacher the principal will make the report for the whole school. Note that primary grades 1-3, grammar grades 5-8, and high school grades 9-12 are reported separately. Do not make this report until the end of year. Do not tear out unless told to do so by County Superintendent. He may call for the whole register.
- B. RECORD OF PROMOTIONS AND NON-PROMOTIONS This table is a part of the "Teacher's Annual Report." For the purpose of this table count a pupil as being in a grade a year if he has during any previous year been enrolled in this grade. May be reported by the principal for the whole school.
- C. CAUSES OF NON-PROMOTION. Report the number of pupils who were not promoted for each of the seasons given in the code. May be reported by the principal for the whole school.
- D. NUMBER OF FAILURES IN HIGH SCHOOL SUBJECTS. To be reported by principal. Count as first year students all who have four or less than four units of high school credit; as second year students all who have five, six, seven or eight units; as third year students all who have nine, ten, eleven or twelve units; as fourth year students, more than twelve units.
- E. AGE-GRADE TABLE AND GRADE-PROGRESS TABLE. Read carefully the instruction at the bottom of these tables before filling them out. The numbers of pupils to be recorded in the spaces of these tables can be counted from the sheet in the register giving "Personal Data Concerning Pupils."

### V. Report Concerning the Teacher.

- A. PERSONAL DATA CONCERNING THE TEACHERS. This report must be made separately by each teacher to the county superintendent. The county superintendent will see that this report is filled out for each year taught.
- B. REPORT ON TRAINING OF THE TEACHER. If your college credits are given as semester or half-year hours multiply them by  $1\frac{1}{2}$  to reduce them to quarter hours; if they are given as year hours, multiply them by 3. Quarter hours credit always refers to college hours received in normal school, college or university.

### VI. Weekly Program of Recitations.

*Get Copy of Cause of Study*

Give the total minutes per week spent in each subject of each grade. Thus the first line might be:

Subjects	1G	2G	3G	4G	5G	6G	7G	8G	9G	10G	11G	12G
Spelling—	100	100	100	75	75							

For a high school report write in the subjects taught. Report the total number of minutes spent by all teachers for each subject taught.

Be sure to fill this table, although it is not regularly called for by the county superintendent. It should be useful to the teacher who wishes to check up how she spends her time, and it will be called for by the State Department of Education when it is needed for special reports.

### VII. Daily Program of Recitations.

*Post Schedule*

This should be carefully planned by the teacher and kept as a matter of permanent record.

### VIII. Record of Year's Work.

This record should be begun at the opening of school and completed at the closing. It is of vital use to the teacher at the opening of the next school term.
